

TRANSNATIONAL COLLABORATION GULF MEDICAL UNIVERSITY - UNIVERSITY OF GHANA

OVERVIEW

Gulf Medical University (GMU), the most sought-after private medical university in the region, has introduced the Associate Degree in Preclinical Sciences (ADPCS) program, wherein the students will do the 3-year pre-clinical phase at GMU, followed by the 3-year clinical phase at Ghana. The students will be registered for the MBChB program at the collaborating University, University of Ghana, School of Medicine & Dentistry which will be awarding the final degree. Students wishing to apply for the same should have completed 12 years of schooling and should also fulfill the other pre-requisites for admission into the program.

PARTNERING UNIVERSITIES:

GULF MEDICAL UNIVERSITY: Established in 1998 by Thumbay Group, Gulf Medical University - Ajman is one of the most popular private medical universities in the region. Today, it boasts an internationally recognized curriculum, a wide network of teaching hospitals, an established research center, innovation and research center, highly experienced/qualified faculty, separate furnished hostels for boys and girls, safe transportation facilities, on campus recreation and refreshment facilities. The University is a preferred-choice for medical education to students of 75 nationalities.

UNIVERSITY OF GHANA: The University of Ghana (UG) is the oldest and largest of the thirteen Ghanaian universities and tertiary institutions. It is one of the most prestigious universities of West Africa. It is located in Accra, the capital city of the country. The University of Ghana runs its medical degree program through its School of Medicine & Dentistry (UGSMD). The University's medical degree program is an accredited 6-year program based on the British school system.
